# Solar companies learn to live with red tape

Many have set up war rooms to deal with compliance challenges

RAGHAVENDRA KAMATH & ARUNIMA BHARADWAJ  
Mumbai/New Delhi, August 3

LATE LAST WEEK, India achieved a significant milestone by outpacing Japan to become the third-largest solar energy generating country in the world. The country has produced 1,08,494 GWh solar power compared to 96,459 GWh generated by Japan. The whopping 40% increase over the level 10 years ago has been achieved even though solar power producers are grappling with numerous approvals and licences to set up plants. Sample this: A recent report by TeamLease Regtech says over 2,700 approvals and licences are required to set up a solar power plant in some states in the country. These include 799 unique regulatory obligations spread across 646 central, 153 state, and municipal requirements. Industry leaders say they wish the red-tape was shorter, but many have learnt to live with it. Waaree Energies CEO Amit Paithankar does not think the approval issues have hindered the pace of capacity additions in the sector. He, said the country has added 24 GW

## REGULATORY OVERKILL HURTS

- India has outpaced Japan to become the third-largest solar energy generating country
- Solar power producers are grappling with numerous approvals and licences to set up plants
- Industry leaders say they wish the red-tape was shorter, but many have accepted it
- Regulatory overkill can't be allowed to undermine the ease of doing business, say experts

of solar in FY25 and 10.6 GW in Q1FY26. "This should tell you a story," he said, adding that the industry is ready to deal with the challenges and the system is geared to manage those challenges. Tata Power has adopted a software developed by consulting firms to track the various approvals needed. There are many processes that can be done online and the company has set in place a team to monitor them. "I agree the approvals and licences sometimes impact the setting up of plants. There is a scope for improvement," said Praveer Sinha, managing director and CEO at Tata Power. Simarpreet Singh, executive director & CEO, Hartek

Group, said to manage a large number of requirements and frequent updates that various states require, the company has built a compliance system that combines legal expertise, digital tools, and strong partnerships. "This framework helps us stay on top of annual compliance tasks and regulatory updates each year." A single-window clearance system would be a significant step forward, especially considering the different rules and regulations across states—it could help centralise and streamline the entire process, he said. The chief financial officer of a Mumbai based renewable company said: "If you want to be in the industry, you have to live with it. But the govern-

ment should certainly look at reducing various approvals needed in order to help us set up solar plants more easily. After all, regulatory overkill can't be allowed to undermine the ease of doing business." Along with depressed solar energy prices, which is weighing on installed and upcoming merchant power totalling 3 GW, and numerous approvals, the industry is facing double whammy of sorts, said the executive director of a renewable firm. To handle this, the company has to plan everything much in advance. "Though a lot of things have improved, much more planning is on compliance is required here, compared to western countries, he said.

# ED arrests Axis MF ex-manager

PRESS TRUST OF INDIA  
New Delhi, August 3

VIRESH JOSHI, A former chief trader and fund manager of Axis Mutual Fund, has been arrested under the anti-money laundering law in a case linked to alleged cheating of investors to the tune of ₹200 crore by 'front-running' in trade activities, the Enforcement Directorate (ED) said on Sunday. A special Prevention of Money Laundering Act (PMLA) court has sent Joshi, who was taken into custody on Saturday, to ED custody till August 8, the agency said. Front-running refers to an unethical and illegal practice in the securities market in which brokers or traders execute orders for their own benefit using advance knowledge of pending client orders. This malpractice compromises market integrity and disadvantages other investors. The federal probe agency launched searches in the case on August 1, covering multiple premises in Delhi, Mumbai, Gurugram, Ludhiana, Ahmedabad, Bhavnagar, Bhuj and Kolkata. The ED has been probing the matter under the civil provisions of the Foreign Exchange Management Act (FEMA). The Income Tax Department had conducted

searches in this case in 2022. "The search operations were part of an ongoing investigation into the illegal profits made by certain entities/persons by indulging in front-running trade activities in scrips traded by Axis Mutual Fund from 2018 to 2021," the ED said. The money laundering case stems from an FIR registered by the Mumbai Police in December 2024, alleging that Joshi, the then-fund manager of Axis Mutual Fund, "exploited" confidential information on the trades to be executed on behalf of Axis Mutual Fund to pre-emptively trade stocks, generating substantial "illicit" gains. Joshi, hence, "cheated" the investors of Axis Mutual Fund, which holds assets under management of more than Rs ₹2 lakh crore, the ED said. "The accused had utilised a terminal in Dubai to punch the front-running trade orders through mule trading accounts obtained from various brokers. "In addition to Joshi, the investigation has revealed that many other traders/brokers also misused the advance inputs on Axis Mutual Fund trades and indulged in front-running to generate illicit trade profits, which are nothing but proceeds of crime," the agency alleged.

# Bihar: EC takes action after errors in names flagged

DAMINI NATH  
New Delhi, August 3

AFTER SOCIAL MEDIA users pointed out some errors in the draft electoral roll of Bihar published on August 1, as a part of the Special Intensive Revision (SIR) of electoral rolls, Election Commission officials said Sunday that they would rectify those and action would be taken against Booth Level Officers (BLOs) responsible. Among the errors flagged were "husband husband", "father father", "father voter ID card" and "Election Commission of India" written instead of the names of the husband or parent of some electors. The mistakes, according to EC sources, pertained to Chapra Assembly constituency of Saran district. The names had been included with the same errors in the second supplementary electoral roll issued in March, they said. For example, in one booth in Chapra, a 22-year-old woman elector's father's name was mentioned as "father father"; husbands of two women were mentioned as "husband husband"; a 21-year-old woman's father's name was shown as "father's voter ID card"; and a 19-year-old woman's mother's name was listed as "Election Commission of India". Saran District Magistrate Aman Samir, who is also the

District Election Officer, said in a statement on Sunday that an inquiry has been initiated and action would be taken against the BLO in-charge at the time and the new BLO as well. Samir said that four names, with the errors, had been in the rolls before the SIR and that Form-8 — for making corrections to entries on rolls — were also processed. The names were added using the BLO app sometime between January 2025 and March 2025, the DM said. Electors and political parties can file claims and objections from August 1 to September 1, either to include or remove a name from draft rolls. As of 3 pm Sunday, the EC statement said that 941 claims and objections have been filed by electors, while nothing has been filed by the Booth Level Agents (BLAs) of national or state parties. As per the EC's order on June 24, all 7.89 crore Bihar electors were required to fill the enumeration forms by July 25, to be included in the draft rolls. After the month-long exercise, a total of 7.24 crore electors were included, while 65 lakh removed since the EC found that some were dead, others had permanently shifted, enrolled in multiple places or untraceable. The final roll will be published on September 30.

# Army officer assaults four SpiceJet staffers in Srinagar

SPICEJET ON SUNDAY said a senior Army officer, who was to board a flight to Delhi, assaulted four airline ground staffers at the Srinagar airport on July 26, and one of them suffered a spinal fracture. An FIR has been registered with the local police, and the airline has initiated the process to place the passenger on the no-fly list in accordance with civil aviation regulations, the airline said and added that the assault happened after the passenger was told to pay for the extra cabin baggage. Video clips of the incident showed the passenger assaulting the staff. PTI

# Philippines prez on India visit from today

DIVYAA  
New Delhi, August 3

PRESIDENT FERDINAND ROMUALDEZ Marcos Jr of the Philippines is set to arrive in New Delhi on Monday in his first trip to India since assuming office in 2022, even as the two countries have begun their first bilateral naval exercise in the South China Sea. A statement by the MEA has said that Marcos Jr will be visiting India at Prime Minister Narendra Modi's invitation. During his four-day visit, Marcos Jr will hold talks with President Droupadi Murmu; PM Modi; External Affairs Minister S Jaishankar; and Union Health Minister J P Nadda, who is also the BJP president. Marcos Jr will meet Jaishankar on August 4. On August 5, he will lay a wreath at Raj Ghat, before holding talks with PM

Modi in Hyderabad House, wherein India and the Philippines will sign several agreements. He will then meet Nadda and travel to Bengaluru, where he will call on Governor Thawarchand Gehlot. India and the Philippines began the two-day "bilateral maritime cooperative activity" on Saturday in waters close to the Scarborough Shoal, a focal point of the maritime dispute between China and the Philippines. Sources say India is joining these efforts owing to its shared concerns about China's growing maritime power, including in the South China Sea. Defence cooperation is one of the strong pillars of bilateral relations and a promising area for future collaboration between India and the Philippines, says the website of the Indian embassy in Manila.
